Below are some tips to help you with your Online Resource Directory search.

SEARCH Guide

* Add the location where you are looking for services. You can add the city and/or zip. By adding a zip code your results will sort by proximity to that zip code.

* Look for an **Agency** OR a **Specific type of Service**.

- If you are looking for a specific Agency be sure to use the proper name. If you do not know the full name use the keyword field to search.

- Use the **Service Category** field to search for a service. Begin typing and we will suggest categories that are in our database.

* To narrow your results even further, use the **Area Served** field to only return results that are available in the area you are looking for help. You can enter a city or specific zip code.

* Click Search
