Current Events

March is National Nutrition Month® .

National Nutrition Month® started in 1973 as National Nutrition Week, and it became a month-long observance in 1980 in response to growing interest in nutrition.

A nutrition education and information campaign sponsored annually by the Academy of Nutrition and Dietetics, National Nutrition Month®, held annually in March, focuses attention on the importance of making informed food choices and developing sound eating and physical activity habits.

Nutrition is important at every stage in life. Programs like Meals on Wheels America and the Commodity Supplemental Food Program are committed to addressing food insecurity in older adults.

Learn tips for accessing healthy foods in your area. Visit <https://www.eatright.org/national-nutrition-month> for more information and weekly messages.

Pathways News:

Funding Updates/Agency Updates!

Funding cuts are impacting vital services across the community, leaving many individuals and families without the support they rely on. As resources shift or shrink, it's more important than ever to keep 211 informed. If your organization provides services, please ensure your 211 listing is current—so those in need can still find help when it matters most. Update your information today to help us connect people with the resources that remain available.

If you don't know your login/password (sent with Web Survey Request email (at the very bottom of the message), click the Request Password button to request a user name and password. You should receive a reply within 24 business hours. You can also reach out to our Resource Database Assistant , Sara Gigliotti to request your login/password directly. You can email her at sgigliotti@pathwaysco.org.

Unmet Needs; Why they matter to 211 and to you!

"Unmet needs" refer to requests for help that 211 cannot fulfill due to a lack of available resources, services, or program capacity in the community. These can include things like housing, transportation, childcare, or utility assistance that callers urgently need but cannot access.

Tracking unmet needs is critical for a 211 agency. It helps identify service gaps, highlight emerging trends, and inform local agencies and funders about where more support or investment is needed. Understanding what needs go unmet empowers local agencies to advocate for systemic solutions, support community planning, and ultimately, help close those gaps to better serve individuals and families in crisis.
